Placement  
Academic, Individual and Career Counseling  
Student Activities

### **Housing**

The Institute of Beauty and Wellness can assist students in finding roommates and suitable housing, though The Institute does not own or operate housing facilities.

### **Placement**

With a vast network of salons, spas, health clubs and chiropractic clinics nationwide, The Institute can help you begin your professional career. We will help you gain the knowledge you need with several career fairs and self-promotional instruction. Institutebw.com also includes an online job board, available for all students. The Institute of Beauty and Wellness is primarily an institution of learning and does not guarantee job placement.

The Aveda Network has recently developed the PurePartners program to assist you with career placement by automatically matching locations based upon skill sets and desired geographic location. You begin by creating an online profile in class, allowing direct communication with prospective location managers who are hiring, and have access to the most current position postings. The PurePartners program connects the most successful network of salon professionals in the industry.

### **Academic and Individual Counseling**

The Institute of Beauty and Wellness provides academic counseling to all students. We will help you with tutoring should you experience challenges in meeting the minimum performances standards and course requirements as set by The Institute and the State of Wisconsin Department of Regulation & Licensing.

If you experience personal challenges, The Institute encourages students to contact Community Information Line, a local crisis hotline staffed by consultants who provide personal counseling referrals to a network of professionals.

### **Student Activities**

While at The Institute, you will have the opportunity to participate in a variety of events and activities ranging from; photo shoots, fashion shows and gallery nights that are educational, interesting and great networking opportunities. Whatever your passion may be in the industry, you will have the opportunity to be creative and have fun.

Student Leadership Council is a group within The Institute that offers you and other students the chance to use your natural leadership skills. One representative from each class participates on the council – coordinating and leading student assemblies, representing your class at meetings and other activities – furthering your management training.
