

Student Services

Housing

The Institute of Beauty and Wellness can assist students in finding roommates and suitable housing, though The Institute of Beauty and Wellness does not own or operate housing facilities.

Placement

With a network of many salons, spas, health clubs and chiropractic clinics nationwide, The Institute of Beauty and Wellness can help you begin your professional career. We'll help you gain the knowledge you need with biannual career fairs, career days and self-promotional instruction. Nonetheless, The Institute of Beauty and Wellness is primarily an institution of learning and does not guarantee job placement.

Academic and Individual Counseling

The Institute of Beauty and Wellness provides academic counseling to all students. We will help you with tutoring should you experience challenges in meeting the minimum performances standards and course requirements as set by The Institute of Beauty and Wellness and the State of Wisconsin Department of Regulation & Licensing.

If you experience personal challenges, The Institute of Beauty and Wellness encourages students to contact Community Information Line, a local crisis hotline staffed by consultants who provide personal counseling referrals to a network of professionals.

Student Activities

While at The Institute of Beauty and Wellness, you'll have the opportunity to participate in a variety of events and activities that are educational, interesting and exciting!

Student Leadership Council: One representative from each class participates on the council—coordinating and leading student assemblies and other activities—furthering their management training.
